SECTION ONE INTRODUCTION

CBRE Agribusiness is pleased to present for sale Chintin Grange (the Property), a 742* hectare landholding located within 46* lineal kilometres of the Melbourne CBD.

Comprising 24 Certificates of Title, Chintin Grange represents an unprecedented land banking opportunity just outside metropolitan Melbourne's Urban Growth Boundary, located approximately one hours' drive from the Melbourne CBD.

Key features of the offering include:

- A highly productive mixed-agricultural enterprise, with approximately 400 hectares utilised for dryland cropping and 342 hectares utilised for grazing pursuits.
- Located moments from areas that have been earmarked for future growth in order to accommodate Greater Melbourne's expanding population.
- Close to Romsey (five* minutes' drive), Tullamarine Airport (45* minutes' drive), the Melbourne CBD (one* hours' drive) and the Hume Freeway.
- Highly developed, with bitumen road access to most lots and power connected to all lots (three phase power to most lots).
- Over three kilometres of frontage to Romsey Road, with additional frontage to Joyces Road, ensuring each lot has independent access.

- Extensive frontage to the Deep Creek, as well as numerous storage dams located throughout paddocks.
- An array of potential development opportunities (STCA), include lifestyle, tourism, leisure and hospitality, amongst other pursuits.

Rarely does an opportunity present where a prospective purchaser has the opportunity to acquire a highly productive mixed-agricultural enterprise with substantial future development upside.

CBRE is offering Chintin Grange for sale via Private Treaty, in one line or as separate lots. A non-binding offer form is located in Appendix A.

For further information in relation to the sale process, please refer to Chapter 9. Note, this information memorandum must be read in full and is provided to interested parties subject to the Disclaimer per Chapter 10.

SECTION THREE LOCATION

The area to the south and east of the Property, given its proximity to the Melbourne CBD, Melbourne International Airport and major arterials, has been earmarked as an area of future growth in order to accommodate Greater Melbourne's expanding population. The Property is well-positioned to take advantage of this, being well-situated with regard to the following cities / towns:

SECTION FOUR

MELBOURNE' S BOOMING POPULATION

Overview

Melbourne has become the epicentre of Australian culture – voted the world's most liveable city for the fifth year running with a lifestyle envied by the rest of the world.

According to the State Government of Victoria document 'Victoria in Future 2016, Population and Household Projections to 2051', Victoria's population is growing at an annual rate of 1.8% and is expected to reach 8 million by 2051. This rapid population growth will mean that there will need to be 3.2 million households in Greater Melbourne by 2051.

Melbourne's four existing Growth Corridors are expected to accommodate close to 50% of Melbourne's new housing. Chintin Grange is superbly positioned close to the ever expanding Northern Growth Corridor, which may need to be expanded to accommodate future growth needs.

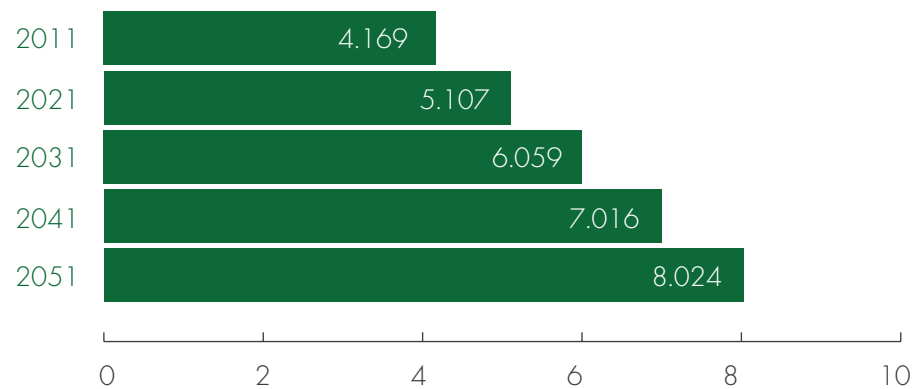

Melbourne's north is undergoing substantial change and the area is complemented by a broadening socio-economic mix and an expanding economy. The Northern Growth Corridor is one of the strongest and plays an international and interstate gateway role in terms of the Melbourne International Airport, Hume Freeway and the Melbourne-Sydney-Brisbane rail line.

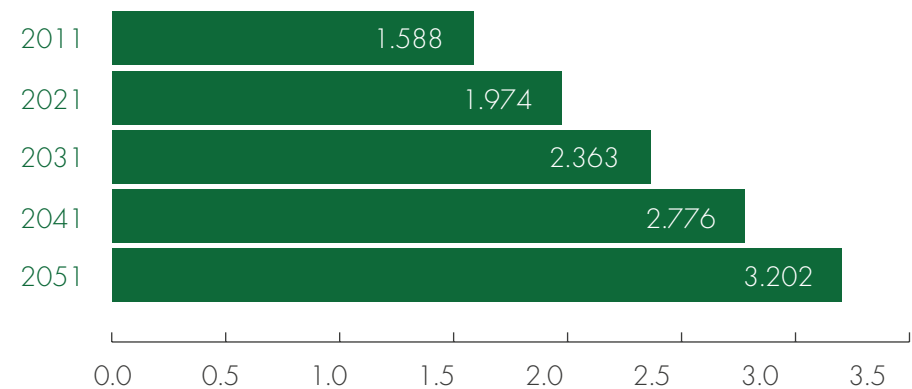

SECTION FOUR

Projections for Greater Melbourne (In Millions) 2011 - 2051

POPULATION

HOUSEHOLDS

The Property has considerable land banking potential, given its size and location with regard to the Melbourne Urban Growth Boundary, and presents one of the largest contiguous landholdings within 50* kilometres of the Melbourne CBD.

SECTION FIVE

ZONING AND PROXIMITY TO RESIDENTIAL AREAS

The Property is classified Farming Zone and under the current planning scheme the minimum area of subdivision for Farming Zone properties is 40 hectares. The Property has undergone significant works from a subdivision perspective pertinent to the current planning scheme, namely:

- Title reconfiguration – the Property comprises 24 Certificates of Title.
- Development of a bitumen road that bisects the Property, ensuring each Title has independent access.
- The installation of three phase and single phase power to each Title.

The Property is well-positioned to capitalise on the projected growth of Greater Melbourne, with the northern suburbs anticipated to experience one of the highest population growth rates, potentially up to 54% (Source: State Government of Victoria, 'Plan Melbourne, Metropolitan Growth Strategy' 2014).

Further, in 2036 the Macedon Ranges Shire population is expected to increase by 21,778 persons (50.79% growth), at an average annual change of 1.66%. These estimates, relative to specific townships, are outlined in the following table:

Area	2016	2021	2026	2031	2036	Total Change	Avg. annual % change
Macedon Ranges Shire	46,349	51,037	55,518	60,037	64,654	+21,778	+1.66
Romsey District	5,840	6,355	6,922	7,360	8,316	+2,641	+1.54
Gisborne District	13,198	15,846	17,754	19,527	21,319	+9,939	+2.54
Kyneton District	8,923	9,536	10,261	10,844	11,457	+3,074	+1.26
Lancefield District	2,902	3,094	3,452	3,452	3,616	+917	+1.18
Macedon and Mount Macedon District	3,258	3,246	3,247	3,249	3,268	-40	-0.05
Riddells Creek District	4,577	5,032	5,861	6,854	7,843	+3,680	+2.57
Woodend District	7,650	7,929	8,180	8,482	8,835	+1,567	+0.78

An incoming purchaser would benefit from acquiring a highly productive mixed-agricultural property with excellent upside for future development / capital appreciation, as evidenced by the above table and supporting growth publication statistics.

SECTION SIX

SURROUNDING DEVELOPMENTS: NORTHERN GROWTH CORRIDOR

Over the last five years, the Urban Growth Boundary has extended north towards Wallan, and a number of large development projects have been confirmed and are currently underway. Residential development forecasts are predicting the number of dwellings in Wallan to increase by an average of 339 per annum to 11,426 in 2036 (approximately 6,780 dwellings from 2016-2036). During the same period it is also anticipated that Wallan's population will expand by just over 20,000 people*.

The following is a snapshot of some of the major development activity currently underway.

Hidden Valley (Far East Consortium)

Purchased from the Holmes à Court family in 1994 by the Far East Consortium, Hidden Valley is located on the northern outskirts of Wallan and comprises approximately 1,000 lots.

Cloverton / Lockerbie (Stockland)

A 1,121 hectare development located between Kalkallo and Beveridge on the Hume Highway, Cloverton (previously referred to as Lockerbie) is situated approximately 31 lineal kilometres from the Melbourne CBD and once complete is expected to comprise over 12,000 dwellings, schools, shopping centres and numerous outdoor areas, catering for up to 30,000 people and having an estimated end land value of \$4.6 billion.

Merrifield (MAB Corporation)

Merrifield, a substantial 'integrated city' development will be undertaken by

MAB Corporation and will be Victoria's largest fully master planned mixed-use community, providing over 5,000 new homes, a waterfront city centre and a business park creating up to 20,000 new jobs.

Annadale and The Woods (Evolve Development)

Evolve Development, a boutique Melbourne developer producing high quality housing is set to develop more than 1,700 residential lots at adjoining developments Annadale and The Woods. This development is expected to complement a broad range of infrastructure facilities with the neighbouring Merrifield and eventually be home to over approximately 4,000 residents.

Wallara Waters (Fraser's Property)

A joint development between Mondous Property Australia and Fraser's Property, Wallara Waters is set amongst the natural environment and facilities of Wallan and will eventually become home to over 3,000 people in a total of 1,500 homes. Currently, there are over 350 homes with a further 1,150 lots to be delivered.

SECTION SIX

Mandalay (Newland)

Mandalay is situated in Beveridge and comprises over 2,500 residential allotments and will include numerous amenities, such as 'Club Mandalay', the hub of the community with a 25 metre swimming pool, fully equipped gym, café / bistro, two full size tennis courts and an 18-hole golf course, as well as additional facilities such as a community centre, school, shops and kindergarten.

Quarantine Station (Australian Government)

The Australian Government is funding a \$380 million development of a new Government owned and operated post entry quarantine station in Victoria, which will consolidate all existing Department of Agriculture post entry quarantine functions to a single integrated site and which will also boost employment prospects in the region. The development is almost complete and is located along Donnybrook Road, opposite Merrifield.

Olivine (Mirvac)

Olivine by Mirvac comprises a 127 hectare site located in Donnybrook approximately 30 lineal kilometres north of the Melbourne CBD. Once completed,

Olivine will be home to more than 6,000 people. Subdivision and settlement of the land into 2,250 lots is expected to begin in 2017.

True North / Arena (Satterley)

True North, previously Arena, is a 198 hectare site located in Greenvale. Satterley Property Group acquired the site from Peet for \$93.1 million. The development will take approximately seven to 10 years and once completed will comprise 1,350 lots.

Highlands (Stockland)

An award winning master planned community in Craigieburn and Stockland's highest selling development, Highlands comprises more than 8,200 home sites, as well as local schools, childcare facilities, shopping centres, eateries and recreational areas.

Springridge (Metricon)

Springridge is a smaller residential development located on the northern boundary of Wallan along the Northern Highway, offering stylish new homes, generous country inspired blocks and the benefits of nearby amenity and services at Wallan.

SECTION SIX

SURROUNDING DEVELOPMENTS: SUNBURY AND DIGGERS REST GROWTH CORRIDOR

Sunbury and Diggers Rest sit within a landscape of surrounding hills, intersected by three creek valleys and open space linkages. The area covered by the Growth Corridor Plan will eventually accommodate a population of at least 71,000 people and some 10,000 jobs and will be developed as a highly attractive and liveable regional city linked to but distinct from the metropolitan area (Source: Victorian Planning Authority). Development activity in this area comprises:

Redstone Hill (Villawood Properties)

Redstone Hill is set to include over 2,000 new home sites close to the Sunbury Town Centre. The community is designed to encompass parklands, large conservation reserves and walking and cycle trails.

St Genevieve (Prime Equity Group)

St Genevieve is a premium new community located in the relaxed semi-rural setting of Diggers Rest, only 30* minutes from Melbourne's CBD. Just walking distance from the newly upgraded Diggers Rest Metro Train Station and minutes from the future town centre, major shopping centres, quality schools, Sunbury's heralded wine region and the picturesque Macedon Ranges.

Jacksons Hill (Place Victoria)

In the early 1990s, the Victorian Government closed the Caloola Psychiatric Centre in Sunbury. The heritage-listed former asylum and surrounding buildings were transferred to Places Victoria (then the Urban Land Authority) and the government announced the development of the surrounding land.

There are now more than 3000 people living in tree-lined streets among large

areas of parkland, with local schools and shops nearby and improved access to Melbourne via the Sunbury railway line.

Sunbury Fields (Frasers Property)

Sunbury Fields is boutique residential development that will create 390 new dwellings, home to approximately 1,080 future residents. Located approximately two kilometres from the Sunbury Town Centre, the 50* hectare master planned community will offer easy access to a range of quality schools and amenities.

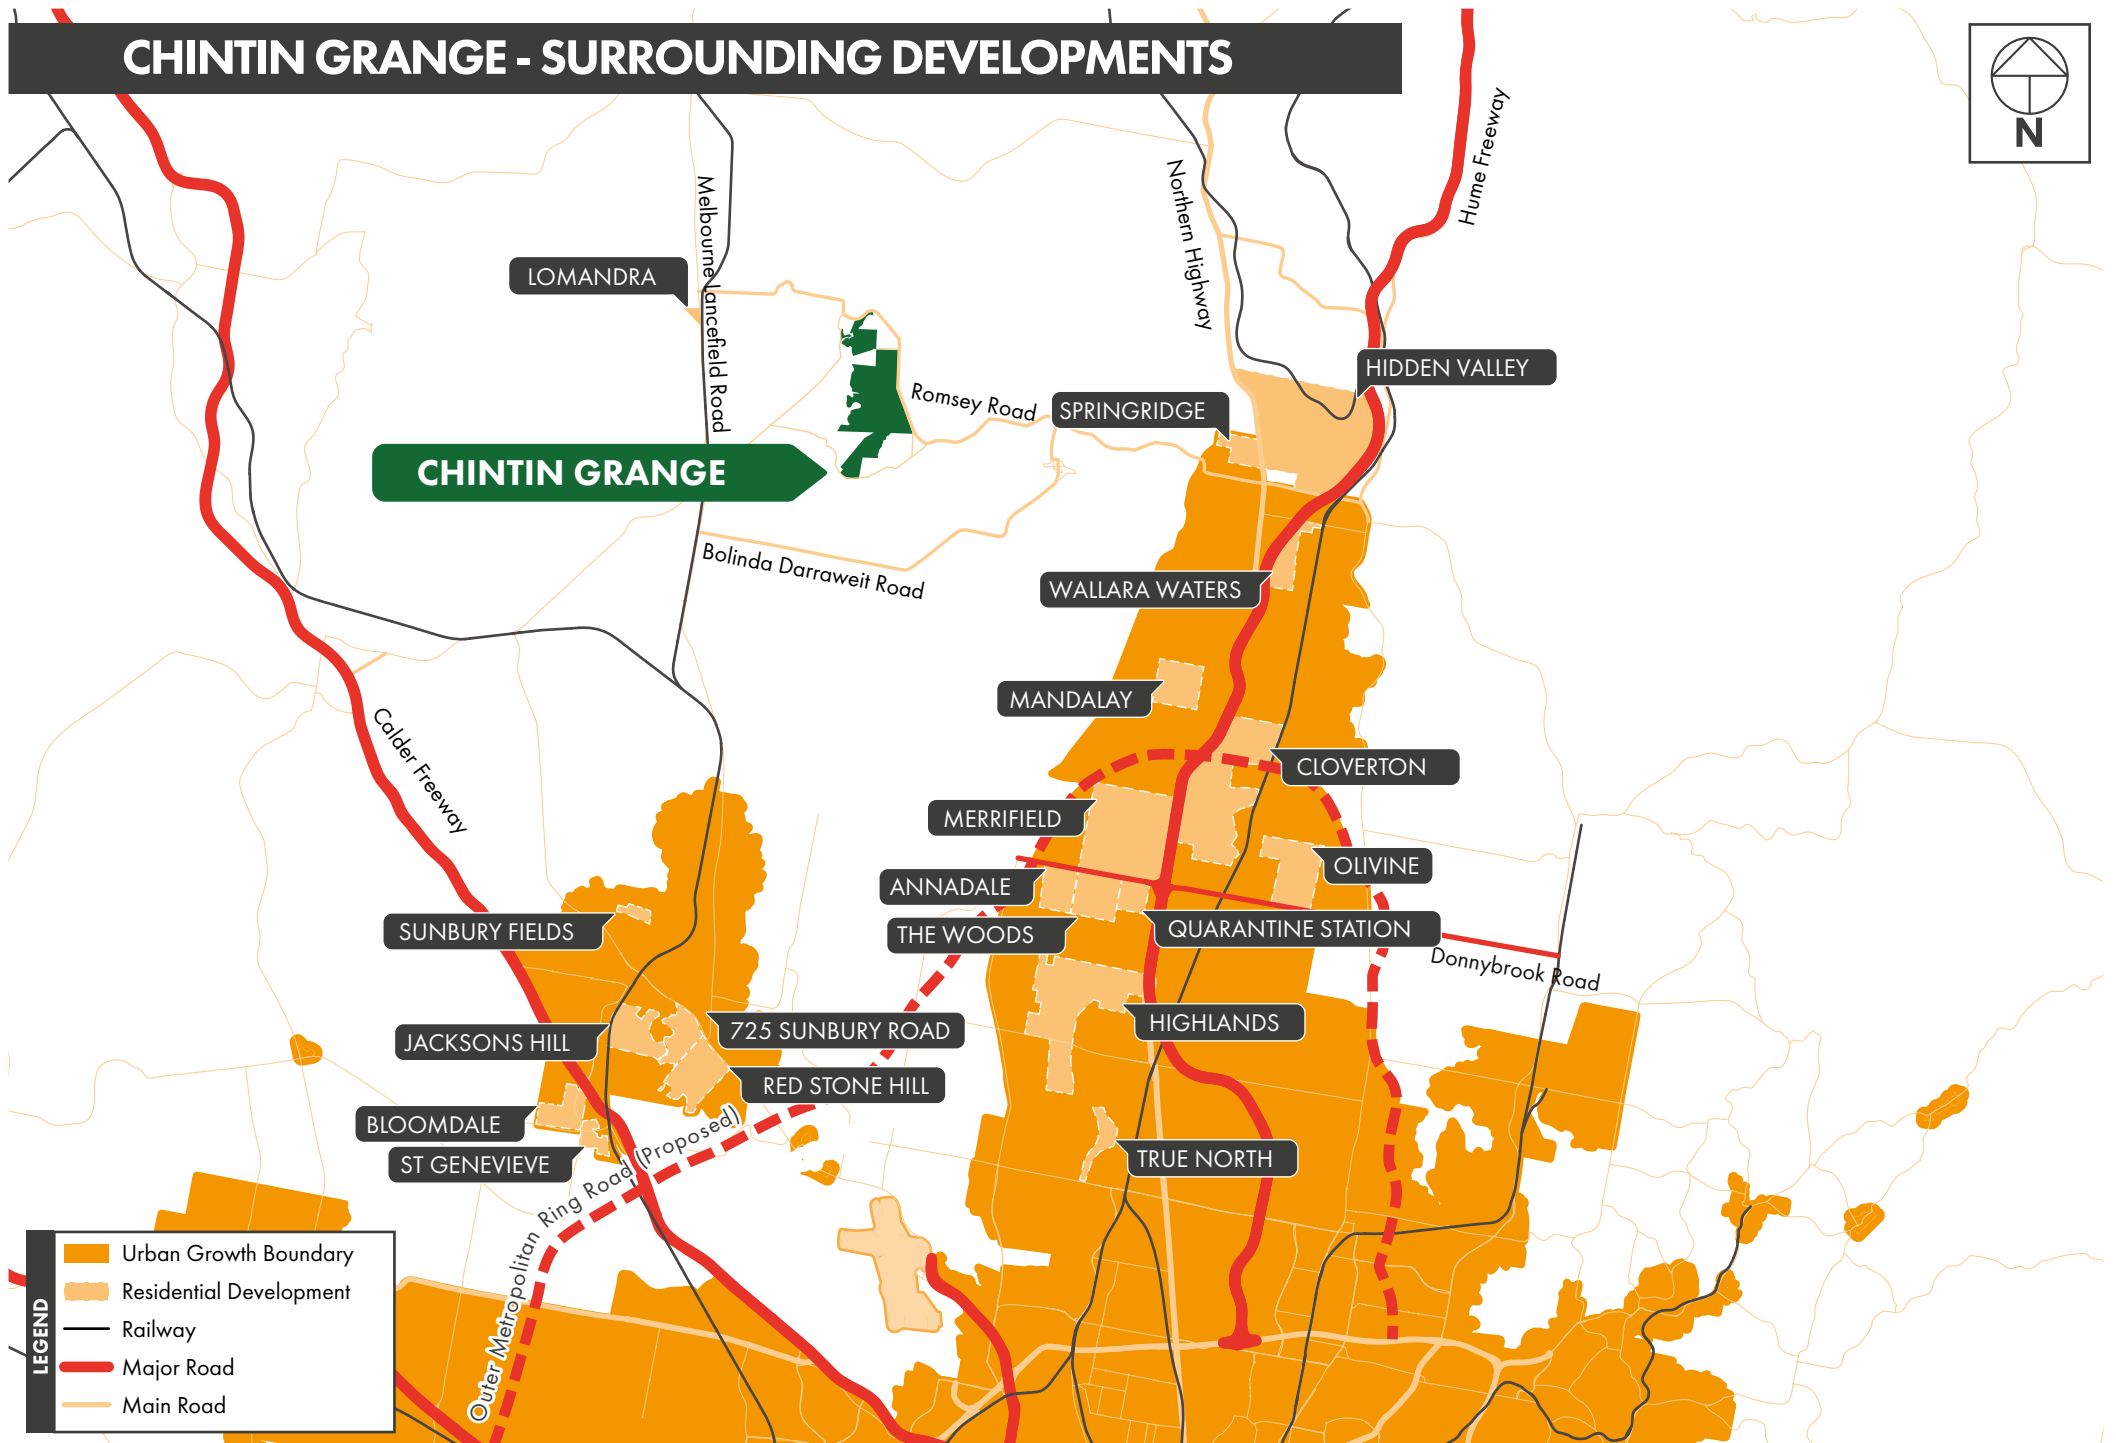

Bloomdale (AVID Property Group)

Bloomdale is a residential community comprising a total of 1,400 residential lots that will eventually be home to over 3,800 people.

725 Sunbury Road

Purchased for \$40 million in 2015 by Shanghai Ceyuan Investment Management Centre and a Melbourne-based Chinese-born man, Bill Dongbiao Zheng, the 206 hectare development site will ultimately support around 10,000 housing lots as well as a major town centre, two local centres and an industrial area to support 6,800 jobs. Land will also be set aside for schools, public open space and community facilities.

CHINTIN GRANGE - TITLE PARTICULARS

SECTION EIGHT CURRENT USE

Scope of Operations

The Property is currently operated as a mixed grazing and dryland farming operation, running a combination of sheep and cattle with approximately 400 hectares available for high quality cropping.

Dryland Farming

The Property has historically grown high quality and high yielding cereals and oilseeds, taking full advantage of the favourable soil types (soils are predominantly black clay loam) and climatic conditions prevalent in the region. Cereal yields have typically been in the vicinity of four to five tonnes to the hectare, with oilseeds consistently producing in excess of two tonnes to the hectare.

A regimented fertiliser program has also been implemented to ensure optimum soil fertility, with 100 kilograms to the hectare of fertiliser and urea applied annually, as well as a 50 kilogram to the hectare application of single super. Gypsum and lime are also applied at a rate of 400 kilograms to the hectare every five years. Cropping areas also receive regular applications of chemicals.

Grazing Enterprise

The grazing operation comprises approximately 2,500 crossbred breeding ewes for prime lamb production, as well as 50 breeding cows and calves at foot. The grazing operation is supported

by high quality fencing infrastructure, an extensive laneway system and comprehensive water reticulation to troughs and dams located in each paddock.

Water and Associated Infrastructure

Water is supplied via a combination of storage dams and the Deep Creek, with water reticulated to stock troughs throughout the Property.

Climate and Rainfall

The Bureau of Meteorology (Romsey) has recorded an average annual rainfall of 718 millimetres from 1970 to 2016. Climate statistics recorded at the Kilmore Gap weather station indicate an average high of 24.8 degrees Celsius in summer and an average low of 4.0 degrees Celsius in winter.

Structural Improvements

The Property is benefited by a number of structural improvements, including the main homestead, four stand shearing shed, two machinery / storage sheds, and cattle and sheep yards.
