Introduction

Colliers is pleased to present for sale Greystones, an historic Victorian rural holding, outstanding land banking opportunity and highly productive agricultural property located within 45* lineal kilometres of the Melbourne CBD.

Offered for the first time in almost 90 years, key features of Greystones include:

- One of the largest individual properties in proximity to the Melbourne CBD, comprising an approximate 4,033-hectare landholding currently utilised as a highly productive grazing and cropping enterprise.
- Greystones comprises a complementary mix of land classes, including approximately 1,214* hectares of dryland cropping land, 2,808* hectares of grazing land and 11* hectares of support land.
- The stunning Greystones Homestead, an outstanding example of a bluestone agricultural homestead built in 1876 and comprising 13 bedrooms, four bathrooms, formal dining room, formal sitting room, reception room, office, entrance hall, kitchen, butler's pantry, and a separate two-bedroom self-contained unit, all set within spectacular garden and parkland areas, the feature of which includes an historic rose garden and established tennis court.
- Several additional structural improvements, including nine dwellings, stables which include living and accommodation areas, several machinery, hay and storage sheds, a six-stand shearing shed with adjoining sheep yards,

shearers quarters, cattle yards, and an airstrip.

- Excellent fit-for-purpose infrastructure, including native and improved pastures, an all-weather laneway system, excellent fencing infrastructure and reticulated stock water to each paddock.
- Well-located in relation to several growing urban areas, including Bacchus Marsh (six* lineal kilometres), Melton (15* lineal kilometres), Werribee (27* lineal kilometres), Geelong (40* lineal kilometres) and the Melbourne CBD (45* lineal kilometres).

Greystones represents a once-in-a-generation opportunity to acquire a landholding of unrivalled scale, with an unparalleled combination of agricultural productivity and substantial land banking potential.

Greystones is being offered for sale by Expression of Interest, closing on Wednesday 31 May 2023 at 4pm AEST. Further information in relation to sale process can be found on page 18.

Note, this information memorandum must be read in full and is provided to interested parties subject to the Disclaimer on page 19.

To discuss Greystones further, or to arrange an inspection of the property, please contact the following personnel.

History of Greystones

The history of Greystones dates to 1840, when the Glenmore run (approximately 22,500 hectares) was established by Charles Griffith and James Moore. Moore subsequently sold his interest to Molesworth Greene, and Griffith and Greene were granted a pre-emptive right for Glenmore in September 1852.

In the 1870s, Greene subdivided Greystones from the larger Glenmore. In 1876 he commissioned architects Lloyd Tayler and Frederick Wyatt to design a bluestone residence. It was completed in the same year along with an array of associated buildings near the homestead (including the stables, coach house and meat house) and a shearing shed and shearers quarters further south.

The productive volcanic soil supported a range of cropping and grazing. Greene ran cattle, horses and 11,000 sheep and the property was renowned for its good quality wool. Greene was noted as an innovator of farming methods and at Greystones he experimented with a range of agricultural techniques designed to improve production and viability, including water conservation, cultivation of grasses and the use of share-farming. After Greene's death in 1916, the property passed to the ownership of his son W P Greene.

Greystones was purchased by prominent pastoralist and businessman William Angliss in 1934 who re-joined the property with part of Glenmore. Angliss pioneered frozen meat export in Victoria and came to dominate the industry by the 1930s. While Angliss divested himself of other pastoral properties at this time, he focussed attention on Greystones and introduced methods of mechanised agriculture to the property.

In 1957, Greystones was passed to Angliss's granddaughter, noted arts patron and philanthropist Diana Gibson AO, and has since remained a working agricultural property, with several contemporary alterations and additions to the property including the construction of an art gallery designed by architect Peter Clarke, amongst other rural structures.

Location

Greystones is located 6* lineal kilometres from Bacchus Marsh and 45* lineal kilometres from the Melbourne CBD.

As the population of greater Melbourne has continued to expand, the areas surrounding Greystones, including principally to the north (Bacchus Marsh) and west (Melton) have been progressively unlocked for residential development.

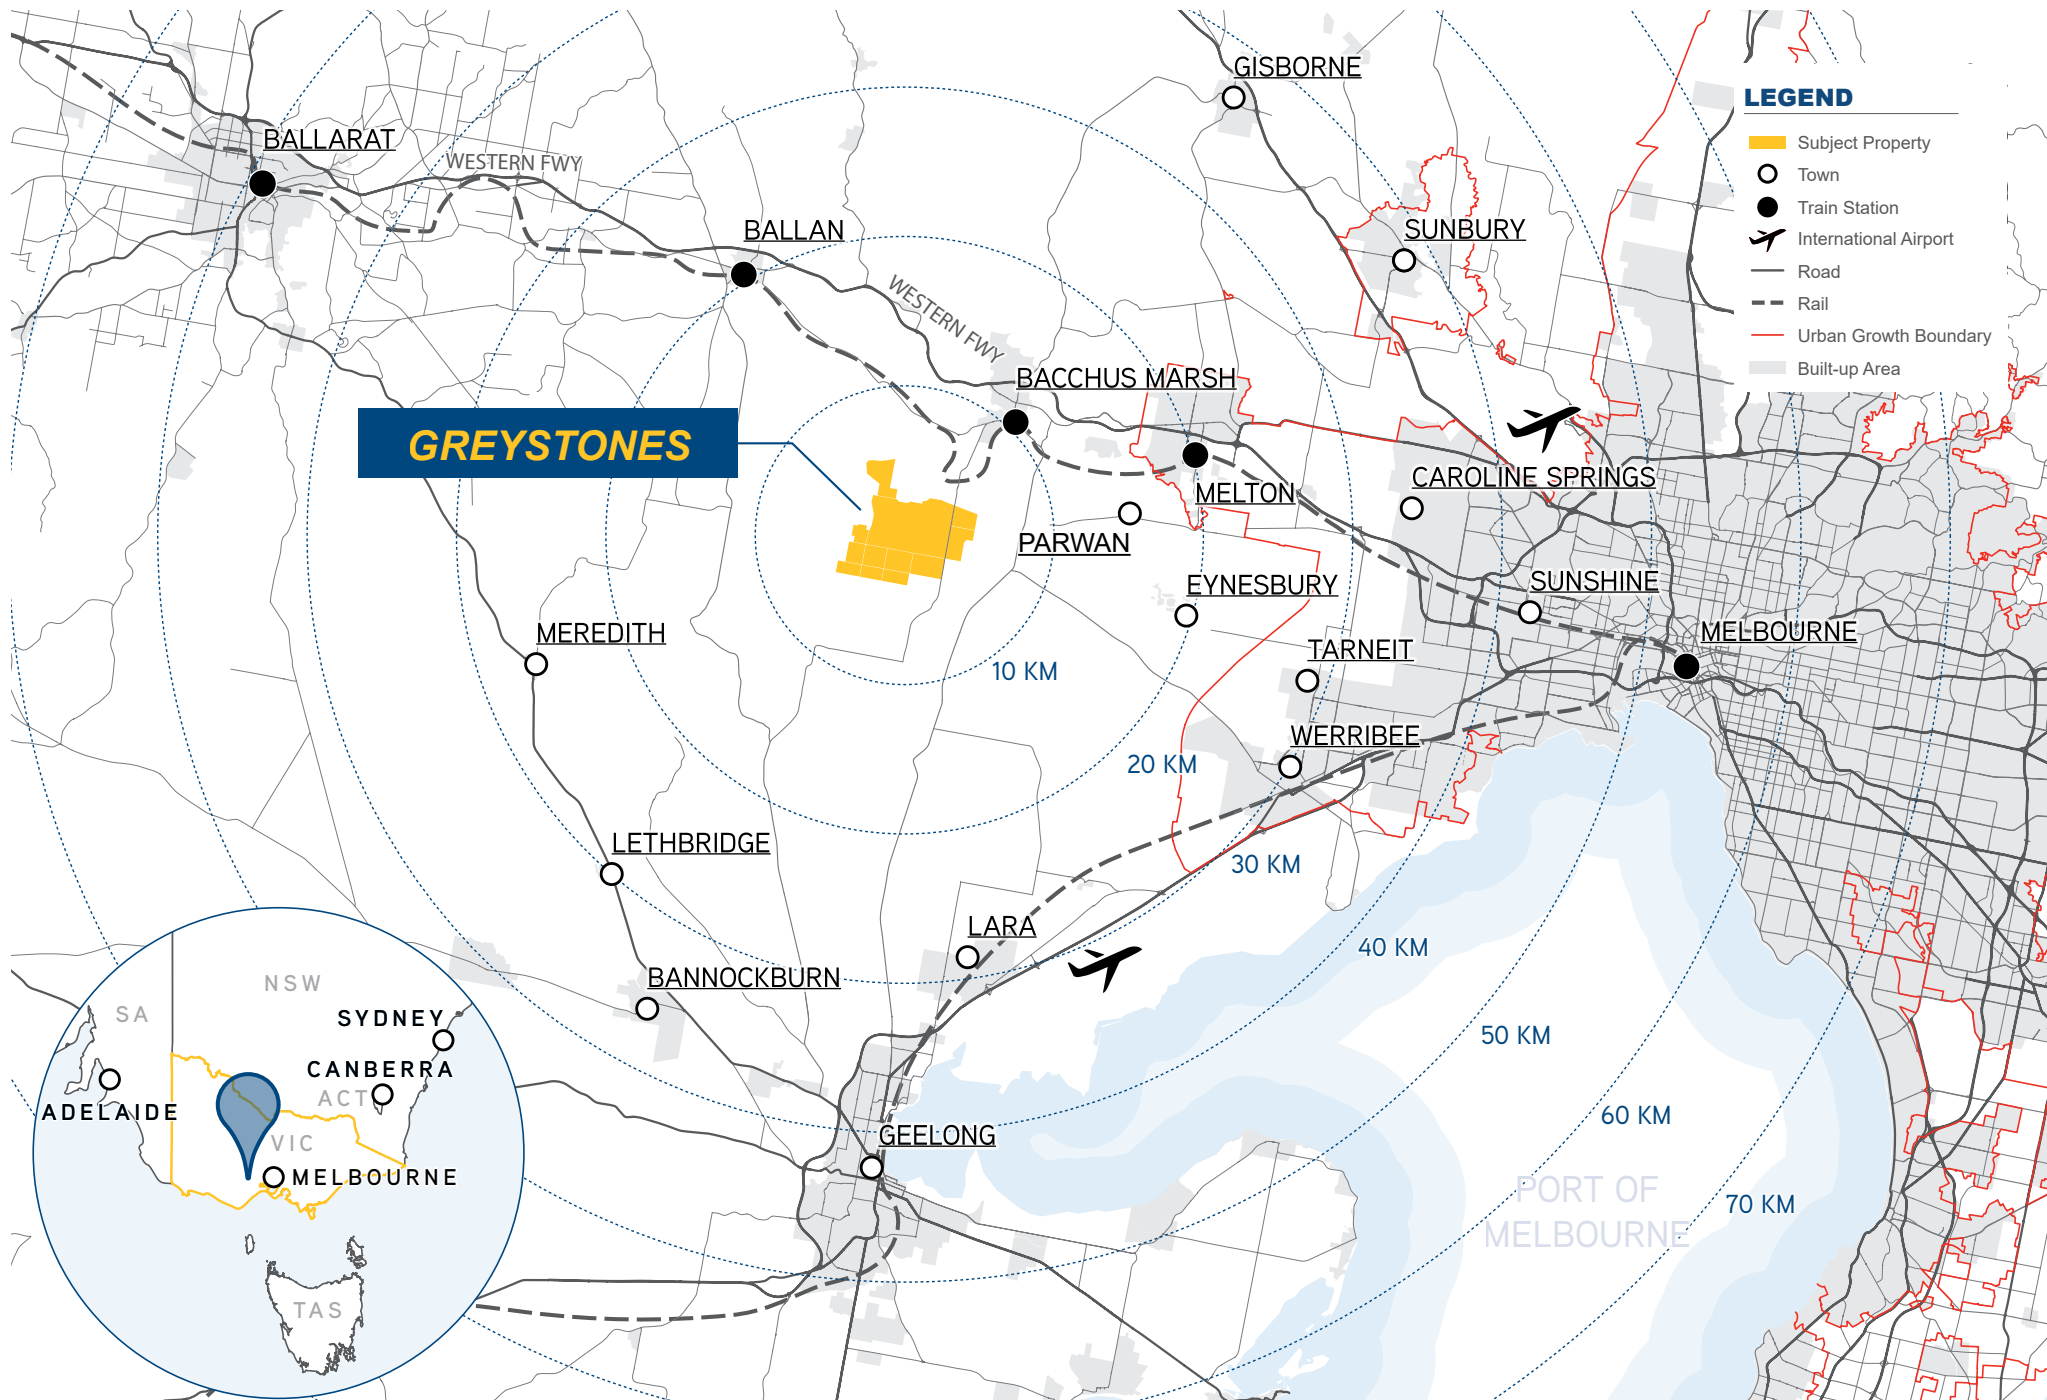

Further, the property is well-situated in relation to several metropolitan and regional areas that are experiencing significant growth from a residential housing perspective, including Ballan (15* lineal kilometres), Werribee (27* lineal kilometres), Geelong (40* lineal kilometres) and Ballarat (45* lineal kilometres).

Greystones is benefited by a large array of services and conveniences, given its proximity to locations that offer a wide array of amenity including retail, financial, medical and government services, education (primary, secondary, and tertiary), public transportation and agricultural services.

The following map details Greystones' location, specifically in relation to population centres and nearby infrastructure.

Climate and Rainfall

The Bureau of Meteorology Balliang East Weather Station recorded an average annual rainfall of 474.3 millimetres from 1909 to 2018. The Bureau of Meteorology Avalon Airport Weather Station (approximately 35 kilometres away) records a mean maximum temperature of 26.6 degrees Celsius in January and a mean minimum temperature of 5.1 degrees Celsius in July.

These climate statistics are diagrammatically represented below.

Greystones – Overview

Greystones is a large scale mixed-farming enterprise, comprising 4,033* contiguous hectares of highly productive agricultural land, located only 45* lineal kilometres from the Melbourne CBD.

The property is currently utilised for cropping and grazing and comprises 1,214* hectares of dryland cropping land (currently leased), 2,808* hectares of grazing land and 11* hectares of support land.

The grazing operation comprises a Superfine Merino wool enterprise, consisting of approximately 6,500 breeding ewes. The agricultural operations are underpinned by exceptional stock water supply with access to mains throughout the property, an extensive all-weather laneway system allowing for ease of stock movement, outstanding shearing and livestock handling facilities, excellent quality fencing and several dwellings and ancillary improvements.

In addition, Greystones comprises an historic bluestone homestead dating to 1876, which is detailed further on page 14.

Property Particulars

Property particulars for Greystones are as follows:

Property Particular	Description
Address	565 Glenmore Road, Rowsley VIC 3340

Title Particulars

Scope of Operations

Greystones is currently operated as a productive mixed-farming enterprise, comprising both dryland cropping and grazing. The cropping program comprises a rotation of cereals and oilseeds, taking full advantage of the favourable soil types, topography, and climatic conditions prevalent in the region.

The balance of the land is utilised for grazing purposes, with the Superfine Merino wool enterprise winning several awards and historically producing 17-micron wool from approximately 6,500 breeding ewes.

Land Uses

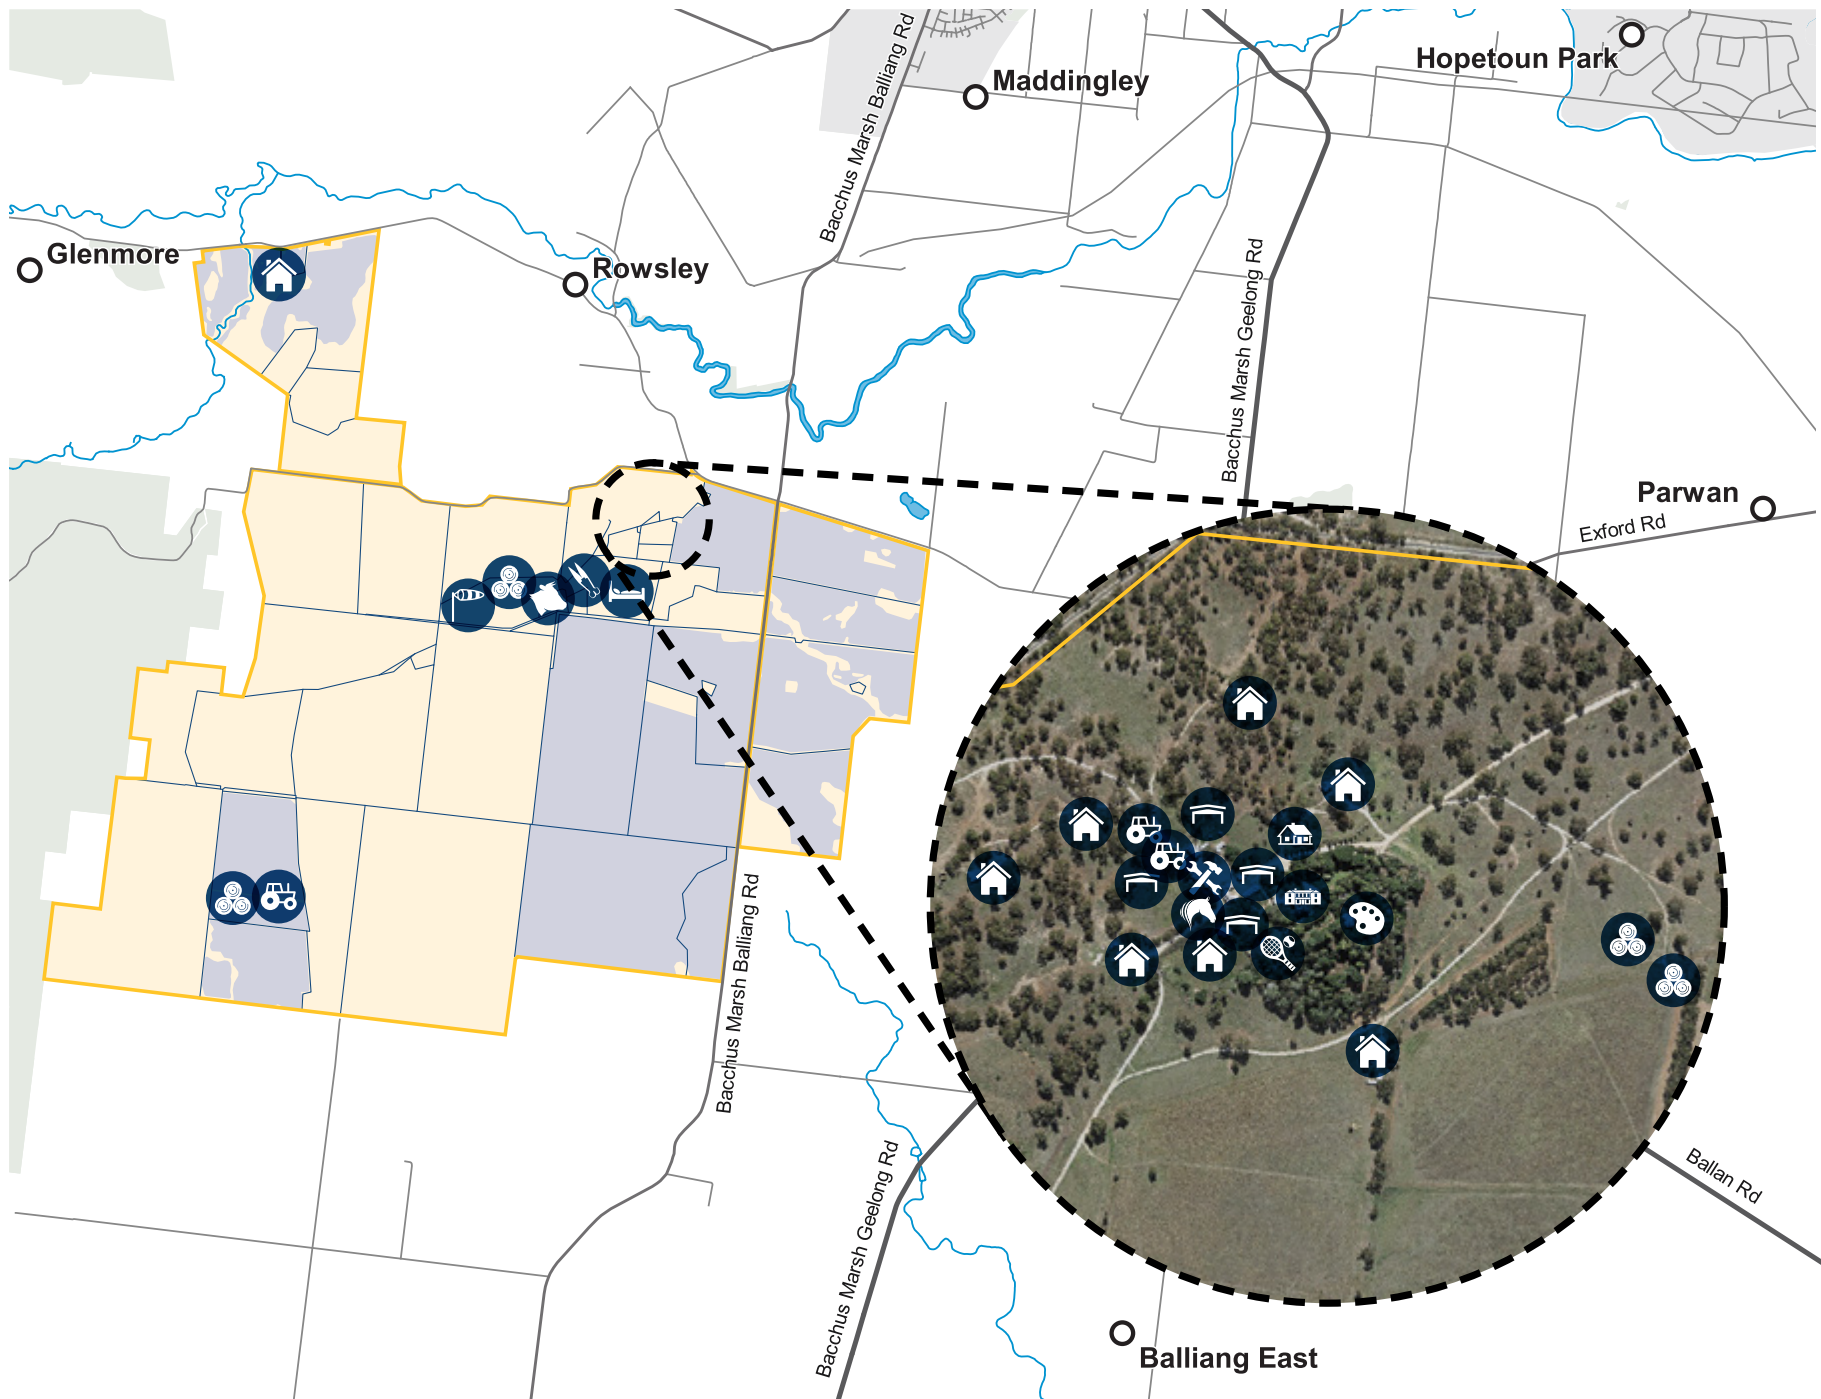

Greystones comprises the following land classes.

Land Use	Hectares
Dryland Cropping Land	1,214.00*
Grazing Land	2,808.00*
Support Land	10.79*
TOTAL	4,032.79*

Water and Associated Infrastructure

Greystones has excellent stock water facilities, with mains connected and feeding header tanks which supply concrete stock troughs located in paddocks, with catchment dams providing back-up water if required.

Structural Improvements

Greystones comprises several structural improvements, as detailed below.

Greystones Homestead

The Greystones Homestead is of historical significance with the homestead, garden and parkland setting reflecting the wealth, taste, and lifestyle of pastoralists in Victoria in the late nineteenth century. In 1876, Melbourne architects Lloyd Tayler and Frederick Wyatt were commissioned to design a bluestone residence which demonstrated high quality workmanship in local stone.

The two-storey bluestone homestead of fine Gothic design features a large entrance hall, sitting rooms, formal dinning room, office and kitchen with a butler's pantry on the ground floor, along with three bedrooms and a powder room.

On the second floor there are ten bedrooms, three bathrooms and two powder rooms, with two bedrooms sharing an ensuite overlooking the extensive gardens and parklands. To the rear of the homestead is a self-contained unit comprising two bedrooms, living areas, a kitchen / dining area and a bathroom.

The homestead is nestled amongst extensive gardens and parklands which retain the late nineteenth century layout and planting character, including a rose garden, terraces, rockeries and collection of conifers. There is also a tennis court located in the garden areas of the homestead.

Surrounding the Greystones Homestead is an array of historic buildings constructed in the same era using local stone, including stables, a coach house and meat house.

Art Gallery

Architecturally designed by Peter Clarke, the art gallery comprises two large rooms with excellent lighting currently utilised for art displays overlooking established gardens and parklands. The art gallery also features a formal dining area, kitchen, painting storage room, bathroom, and wraparound verandah.

Dwellings

Greystones comprises a manager's residence, as well as eight additional dwellings, providing ample on-farm accommodation for staff and guests alike.

Additional Structures

Greystones comprises several additional structures, including several machinery, hay and storage sheds, a workshop, cattle yards, and an airstrip.

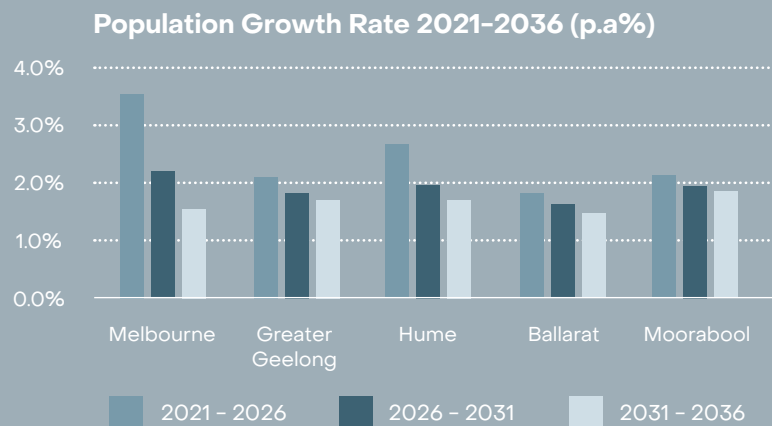

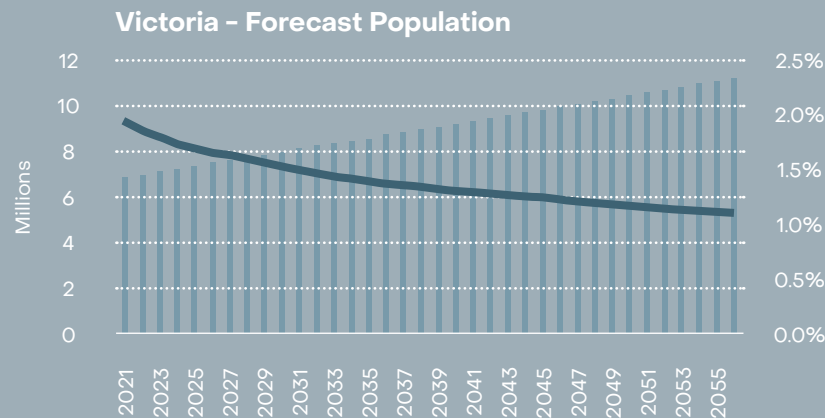

Shearing Shed, Yards, and Shearers Quarters

Greystones features an outstanding shearing shed, comprising a six-stand raised board shed with undercover pens, centrally located in the middle of the property. Adjoining the shearing shed are large capacity external yards and sheep handling facilities, and adjacent to the shearing shed is a large shearers quarters complex, comprising substantial accommodation and male and female amenities.

Population Growth in Victoria

Victoria is rapidly growing and is showing no signs of slowing down, with a forecast average annual growth rate of 1.4% per year between 2021 and 2056. The current population of the state is approximately 6.6 million people; however, this is projected to reach 11 million people by 2056.

Population Growth by Major Local Government Areas

As Melbourne's population continues to expand, further land will need to be unlocked to accommodate housing growth. Land transitioning from farming land to a higher and better use is occurring more frequently, and Greystones is well-positioned to capitalise on increased land values as Melbourne's urban sprawl grows closer to the property.

Further, Melbourne's South-East Growth Corridor is reaching capacity, and therefore development activity is increasing in Melbourne's Western and Northern Growth Corridors, given the availability of land and increasing investment into social infrastructure.

The Population Growth Rate chart shows the surrounding Local Government Areas (LGAs) forecasted growth rate from 2021 to 2036. Greystones forms part of the Moorabool Local Government Area, which has the highest potential growth rate of 1.9% between 2031 and 2036.

Sale Process

Expression of Interest

Greystones is being offered for sale by Expression of Interest. Expressions of Interest (best offers) are invited in the prescribed form (copy attached), to be received by Colliers on or before Wednesday 31 May 2023 at 4pm (AEST).

All interested parties are encouraged to submit an Expression of Interest and if you have any questions about the sale process or the property then please contact Colliers.

Further Information and Inspections

Disclaimer

This report has been prepared for the information of potential purchasers to assist them in deciding whether they are sufficiently interested in the property to proceed with further investigation.

The information contained in this report does not constitute any offer or contract of sale; it is provided as a guide only and has been prepared in good faith and with due care.

Potential purchasers must take note that the figures and calculations contained in this report are based upon figures provided by outside sources and have not been verified by the Agents or the Vendor in any way. Neither the Agents nor the Vendor make any warranties or representations whatsoever in relation to the accuracy or otherwise of such information.

Any projections contained in this report represent estimates only and may be based on assumptions that may be incomplete, incorrect, or erroneous. Potential purchasers must satisfy themselves in relation to all aspects of the property whether referred to in this report or not, including (amongst other things):

- The condition of buildings and improvements.
- The capacity or extent of any dams, tanks, bores, or watering places.
- The condition of the fences, gates, and yards.
- Rights of way, easements, government roads, boundary alignments etc.
- The use to which the property has been or may be put.
- Any contamination of the property.
- Any rights, statutory or otherwise, affecting or relating to the property.

The Vendor, Agents and their employees or representatives will not be liable for any loss or damage resulting from any statement, figure,

calculation, or any other information that a potential purchaser relies upon that is contained in this report or any other marketing material, or because of any omission from this report or any marketing material.

No warranty of the profitability, income producing ability or other financial performance of the property is given or to be implied by any statements or representations of the Vendor or the Agents and the purchaser acknowledges that they rely on their right to have inspected the land, premises and property sold and that they have had the opportunity to obtain such independent advice in relation to the property prior to signing any contract of sale.

The property will be sold “as is”, without any representation or warranty as to its condition, fitness for any particular purpose, or compliance with any relevant law.

The Vendor reserve the right, at their sole discretion, to postpone or cancel the proposed sale of the property and to modify or add any terms and conditions to any proposed contract or other material associated with the proposed sale, which may be made available to a potential purchaser.

Potential purchasers must bear their own costs and expenses in relation to the investigation of the property.

In no circumstances will the Vendor or the Agents be liable to reimburse or otherwise pay to any potential purchasers such costs or any proportion of such costs.

Annexure A – Expression of Interest Form

Property: Greystones, Rowsley VIC 3340

Expressions to purchase the property are invited and must be received on or before Wednesday 31 May 2023 at 4pm (AEST).

This form sets out the minimum criteria required to be disclosed by prospective purchasers for them to participate in the sale process. The vendor will use the information supplied in this form to evaluate best offers and to select a shortlist of prospects to participate in the final formal stage of the sale process.

Note that the vendor is not bound to negotiate with any party that expresses interest in acquiring the property or otherwise submits an offer. The vendor may withdraw the property from sale without notice at any time. The vendor may sell the property prior to the close of Expression of Interest campaign. The vendor may also negotiate exclusively with one potential purchaser, to the exclusion of all other potential purchasers.
